Tuesday, March 27, 1894. THE following appears in the N. C. Daily News of the 23rd inst. :- For about five-and- Mrs Eyton twenty years there was hardly a more Mrs Munday popular man in Shanghai than Mr Peter. Mrs Moore Ventpor Grant, the news of whose death at Mrs Liddle Cairo on Wednesday reached us late the Miss Ireland Miss Murray same night, and was announced by us year Mrs May terday morning. He came to China seeking Mrs Chapman was about to return home unsuccessful in the ship that brought him out, when he attracted the attention of Mr Boyd, the head of the firm of Nicholson and Boyd, Engineers and Shipbuilders. He rapidly became a partner in the firm, and the head of it when Mr Boyd retired, and by his energy and ability combined with the efforts of his partners, he built it up into the great business that was not long since converted into a limited liability company. His geniality and liberality made him a host of friends, and the regret was general when he retired from China about two years ago. He returned to Shanghai last year in had health, and in January last left for Colombo to recruit, but continued his voyage to Cairo. Hero he was looked after by his old friend Deau Butcher, formerly of Shanghai, who was with him when he died, and sent the telegram announcing his death. Out of respect for their old head, the works of Mesars. Boyd & Co., Ld., were closed to business yesterday. His body is to be sent for burial to Scotland, where he had a small estate on which a younger brother resides. A very large number of people in Shanghai feel the death of 'P.V.' sa they would the less of a relation: HONGKONG RIFLE ASSOCIATION. ANNUAL PRIZE MEETING. The Hongkong Rifls Association held their twelfth prize meeting on the Kowloon Ranges on Friday, Saturday and Monday last. To the uninitiated it would have appeared that the weather was favourable for shooting, but the marksmen were of different opinion. They found the light trying and a shifty wind made it difficult to keep up consistent practice at any of the ranges. The number of competitors was equal to that of former years, but it was unsatisfactory that no Volunteers took part in any of the competitions. The men of the Hongkong Regiment turned out in great numbers, as they did last year, and their shooting showed considerable advancement.

The tendency of the whole of the shooting went to prove that the Magazine rifle far surpasses the Martini-Henry for accuracy at all distances. Throughout the 'Queen's' of the first ten men six were using the Magazine rifle. It is a pity that in the annual Interport Match, which will likely be fired about the end of next month, the Hongkong Rifle Association will lose the services of several of their most reliable marksmen owing to the Shropshires being armed with the Magazine rifle, which is excladed from the match.

Only one possible was made during the

three days. The successful marksman was

The subscription is fixed at Fixe Dollars per annum delivered in Hongkong, or Eleven Dollars Forty Cents including postage to Coast ports. It is the first Chinese Newspaper ever issued under purely native direction. The chief support of the paper is of course derived from the native community smongst whom also are to be found the guarantors and securities necessary ic place it on a business and legal footing. The projectors, basing their estimates apon the most reliable information from the various Ports, in Chins and Japan,from Australia, California, Singapore, Pe nang, Saigon, and other places frequented by the Chinese,—consider themselves justified in guaranteeing a large and ever-increasing circulation. The advantages offered to adverticers are therefore unusually great, and the foreign community generally will find it to their interest to avail themselves of them.

The field open to a paper of this description conducted by native efforts, progressive and anti-obstructive in toneommands Chinese belief and interest, while on the other it deserves every aid can be given to it by foreigners.
